Degree	Year	College	Board	Percentage
Bachelor Engineering in Electronics	2020	SANDIP INSTITUTE OF ENGINEERING AND MANAGEMENT	Savitribai Phule Pune University	66.7
10th	2011	YEWS National High School	Pune	66.6

Extra Curriculum:

Certificate	Offered By	Year
Diploma In Computerized Administration	Govement of India	0:33:32
Full Stack Web Development with AI and Python(Django)	Udemy	0:33:39
3 Day Workshop by TAACT in Automation & Robotic	TAACT in Automation & Robotic	0:33:35

Experience

company_name	role	starting_date	Ending Date	Description
TechSeed Education	Django Full Stack Developer	April 1, 2020	Currently Working	I have developed an Ed-tech website Tech Seed Education you can check it by searching on Google or visit on I used HTML CSS JavaScript and Django framework for this website. And MySQL for the database. I developed these websites using a Class-Based view. I have developed a video player using JavaScript. On this website owner can track user history who visit this website which product S/he checked from which location. I have implemented a Payment Gateway and a support system.

IT-Skill

- Python 3.x.x
- JAVA 8
- C++ 0

- JAVA Script 11

Interest

- Data Science
- Machine Learning
- Artificial Intelligence
- Robotics & Automation
- Virtual Reality

Project:

Project Name	gitUrl	Description
Bank Term Deposit	https://github.com/skjalal123/Bank-Term-Deposit-.git	The data is related to direct marketing campaigns of a Portuguese banking institution. The marketing campaigns were based on phone calls. Often, more than one contact to the same client was required, in order to access if the product (bank term deposit) would be ('yes') or not ('no') subscribed.
Automatic Bottle Filling Plant		The bottle filling project serves as an interdisciplinary engineering design experience. It introduces aspects of computer, electronics and mechanical, including the following five primary knowledge areas: 1) Machining & Fabrication 2)Electronic circuit prototyping and Programming 3) Sensor and Actuator application 4)Mechanical design 5) Project Planning 6)Presentation Skills
Gesture Control Quadcopter	https://github.com/skjalal123/White-Wings.git	We are working on this project. In this project we are implementing Artificial Intelligence, with camera it detect the gesture. And detect follow the command given by the gesture this is out final year project for Bachelor Engineering
TechSeed Education (Web Development Project)	https://github.com/jocastaairobotics/viewsUrl.git	I have developed a website for TechSeed Education. TechSeed education is fully using Django/Python Framework. I have shared my Github ID where all the codes are available.
Android App Development (Java)	https://github.com/skjalal123/Study.git	I have developed an Android Application using JAVA.

Hobby

- Travelling
- Trekking
- Gadget
